NEW AMBASSADOR TO GREAT BRITAIN IS MAN OF GREAT NUMBER OF ACCOMPLISHMENTS

Commenting upon the many.sidedness of the character of Walter Hines! Page, the editor of the World's Work recently appointed by President Wilson to represent the American people at the court of Saint James, Herbert Corey, in a special article written for the Chicago Daily News, finds that there are very few walks in life in which the new ambassador does not excel. Whether it be driving a nail with a shot from a revolver, playing outfield on the 'varsity team, editin, a country newspaper or delivering a public oration, Dr. Page, according to the observations of Corey, has ever chown himself expert. In describing Dr. Page, Corey has this to say:

"He's this sort of man: He isn't an athlete, but he walked twenty-two miles uphill in a mountain country on the first day of a walking tour not long ago. He has no fads nor outdoor sports. He is a polished and effective speaker. He isn't a rich man, but he has enough money to permit the taking of a modest house in London, in which he can do all the entertaining he thinks necessary. He will never worky about dukes, coronets, place cards or dress swords. He has an abundant fund of humor.
